About Us

We are Aubay Portugal, a French multinacional, that is in Portugal since 2007.
With headquarters in Lisbon and offices in Porto, we are a consultancy company specialized in management, implementation, development and maintenance of Information Systems.

Our Services

Whether in Lisbon or Porto, we are prepared to host national and international projects. Our differentiating value is on the proximity and close relationship with our customers and in the close management of our people.

Alongside with our customers, we find customized solutions, ensuring the management of all steps during that process and accordingly to the identified needs:

- Nearshore
- Professional Services
- Implementation and management of Software Factories
- Time&Materials Projects
- Turnkey projects
- Service line management
- Assessments

Our services enable you to outsource your IT needs and optimize the management of associated human and technical resources.

Main Sectors

Banking, Insurance, Services, Energy, Transportation, Telecommunications and Public Administration.
